## WALTER L. STASAVICH SCIENCE AND NATURE CENTER

In September 1999 the devastating flood following Hurricane Floyd destroyed The Walter L. Stasavich Science and Nature Center. A concerted effort began to rebuild what nature destroyed. Various funding sources were solicited to collectively pool money to begin the long rebuilding process.

The Federal Emergency Management Administration (FEMA), The Parks and Recreation Trust Fund (PARTF), and bonds from the City of Greenville provided a large portion of the money needed for the rebuilding project. Thanks to community support, concerned citizens and the donations provided, the additional funds needed were collected.

The reconstructed Walter L. Stasavich Science and Nature Center is now open. We hope you will visit the new center with the 70 seat W. M. Scales, Jr. Theater, 10,000 gallon freshwater aquarium, live turtles and snakes, wildlife dioramas and the "Shells Are Everywhere" exhibit. There are also several hands-on/interactive exhibits to enjoy. Schools, scouts, and organized groups are also invited to visit.

After opening The Walter L. Stasavich Science and Nature Center, the need for community support continues. The expense of operating the facility, developing new exhibits and supporting the programs offered by the Center is a continuous endeavor. Future donations will play a major role in the success of the Center.

**"Tracks To Our Success"** is a collective display of all the individuals, families, businesses, and organizations, which gave donations in varying amounts, to support the rebuilding project. These were critical funds whether given in \$20 amounts or \$20,000 amounts. The Animal Tracks display are an integral part of exhibits in the Center. The Great Blue Heron, Great Horned Owl, and Wood Duck footprints indicate three different levels of donations given before the completion of the rebuilding project.

**"Tracks To Our Future"** is a display wall, which provides groups or individuals a place to be recognized for their contributions since our center reopened. As donations are made, the name of an individual, family, business, or organization will have an engraved nameplate, permanently attached to one of three sizes of footprints displayed on the wall.

### Donations: (3 levels)

\$100 - \$499 ..... Raccoon Track

\$500 - \$4,999..... White-tailed Deer Track

\$5,000 and above ..... Black Bear Track

If you wish to make a donation, please contact a staff member for more details or call 329-4560. (We gladly accept donations for any amount, and they are very important to us, however there is a \$100 minimum donation required for being recognized on the "Tracks To Our Future" display).
